1. WELCOME TO THE OPERATIONAL PLAN – MAYORAL MESSAGE

As Mayor I am pleased to announce the Upper Lachlan Shire Council Operational Plan has been finalised after four Community Outreach Meetings were held in Crookwell, Gunning, Taralga and Collector during the public exhibition period.

The Operational Plan outlines the principal activities to be undertaken by Council in 2018/2019 to address the Tablelands Regional Community Strategic Plan (CSP) strategic priorities and allocates responsibility for each activity. The Operational Plan details the program actions and performance indicators against each of the Community Strategic Plan Strategic Pillars.

The Operational Plan forms part of Council's Integrated Planning and Reporting Framework and details Upper Lachlan Shire Council's principal activities and budget for the coming twelve month period. The Operational Plan is a sub-set of the Delivery Program which outlines a 4 year Delivery Program and aims to implement the strategies in Council's 20 year forward program established in the Tablelands Regional Community Strategic Plan 2016-2036.

Upper Lachlan Shire Council has projected a net consolidated operating budget surplus (before capital grants and contributions) of \$309,610 in 2018/2019. A net consolidated budget cash flow deficit of \$3.5 million is projected.

Upper Lachlan Shire Council has prepared a comprehensive capital expenditure works program for the Shire totalling \$15.3 million in 2018/2019. The capital works program outlines the plant fleet replacements, roads, bridges, waste centres, water supply and sewerage project works along with a number of projects desired by our community.

Councillors have tried to address the needs and demands from all sections of the community. Council has reviewed all Operational Plan submissions and incorporated some of those requests wherever possible.

Upper Lachlan Shire Council has welcomed participation from the community, the ratepayers and residents of the Shire into compiling the Operational Plan.

Clr Brian McCormack OAM
Mayor

2. GENERAL MANAGER'S SYNOPSIS

The Operational Plan is presented in accordance with the provisions of the Local Government Act 1993 and Local Government (General) Regulation 2005.

Council received 120 pre-plan public submissions to the Operational Plan in December 2017. These submissions were reviewed by Council in developing this Operational Plan. Council remains committed to engaging with our communities by facilitating community outreach meetings each year in May in four towns within the Shire.

All NSW Councils have been limited to a maximum 2.30% increase in total rates income this year, this equates to an estimated increase in total of \$159,000. As a result of this minimal increase Council has been restricted in its ability to meet core activity responsibilities and restricted Council's ability to fund public submission requests from the community.

The 2018/2019 Operational Plan provides a snapshot of the service delivery targets, specific tasks and major capital works. The Revenue Policy incorporates the following:-

- General (Ordinary) Rates will increase by 2.30%, dollar value increases will vary within each individual rating category;
- Water Supply Access Charge and Water Availability Charge will have a zero increase;
- Water usage (consumption) charge will increase by 2%, dollar value increases will vary for each individual service dependent upon water consumption;
- Stormwater Annual Charges will have a zero increase;
- Sewerage Best Practice Pricing Access Charges will have a zero increase;
- Domestic Waste Management Annual Charge will increase by 2% or \$9 per service;
- Commercial Waste Annual Charge will increase by 2%, or \$11 per service; and
- Rural Waste Annual Charge and Domestic Waste Management Availability Charge will increase by 2%, or \$4.40 per Assessment.

The Operational Plan is available for public inspection at the three Council Offices and two Council Libraries. The Operational Plan is also available to download from the Council's website www.upperlachlan.nsw.gov.au and a link is provided on Council's FaceBook page.

4. ORGANISATION STRUCTURE

Section 332 of the Local Government Act 1993 requires Council to determine its organisational structure. The approved organisation structure comprises the General Manager's office and three Council Departments namely, Environment and Planning, Finance and Administration, and Works and Operations Departments.

The General Manager oversees the day-to-day operations of Council and provides professional advice to elected Council. Each of the three Departments has a Director who together with the General Manager, form the senior management team. It is this team that has primary responsibility for delivering the activities identified in the Operational Plan.

Staff Profile

The table below details the number of full-time equivalent employees available to deliver the services identified in the Operational Plan. Note: excludes casual works staff.

6. REGIONAL COMMUNITY STRATEGIC PLAN AND DELIVERY PROGRAM

As part of the Office of Local Government's Integrated Planning and Reporting Framework Council has developed the following framework with five key elements:-

- A 20 year Community Strategic Plan which outlines our broad vision for the future;
- A 4 year Delivery Program, accompanied by a full budget, that details what we will do to implement the Community Strategic Plan;
- A Resourcing Strategy to support the Delivery Program including a Long Term Financial Plan, Workforce Plan and Infrastructure Plan;
- An Operational Plan, which will record the planned activities and expenditure for each year;
- An Annual Report, which provides our community with a detailed account of progress made in implementing the Delivery Program and Community Strategic Plan.

The Operational Plan outlines the principal activities (i.e. services) to be provided to the community, along with the key service delivery measures that are being recorded to achieve the actions identified in the Regional Community Strategic Plan and the Delivery Program.

Upper Lachlan Shire Council has 5 Strategic Pillars (as outlined above) and 31 Principal Activity functions (or known as business centres) that address each objective, the following information is provided for each Principal Activity:-

Goal:	Outlines the desired goal for that principal activity.
Management Responsibility:	Staff position responsible for the delivery of the activity.
Regional CSP Strategy:	Links to the Regional Community Strategic Plan priorities.
Key Activities:	The main activities or services delivered.
Key Performance Indicator:	Service delivery targets and quantifiable benchmarks.
Delivery Program Actions	Details the actions planned to meet our Regional Community Strategic Plan and Delivery Program objectives.

Quarterly Operational Plan activity and budget reports are presented to Council to monitor our performance in delivering the services and activities identified for each principal activity. In addition, six monthly progress review reports are used to monitor the implementation of Council's Delivery Program.

7. COMMUNITY ENGAGEMENT

Council engaged consultants, Cardno NSW/Act Pty Ltd to undertake the development of a Regional Community Strategic Plan (CSP) on behalf of Goulburn Mulwaree Council, Upper Lachlan Shire Council and Yass Valley Council. Upper Lachlan Shire Council adopted the Tablelands Regional Community Strategic Plan 2016-2036 in February 2017 and this plan took effect on 1 July 2017.

The community consultation utilised in the development of the Tablelands Regional Community Strategic Plan was extensive and included development of the Tablelands Community Engagement Strategy and Communications Plan including the following steps:-

- Key Stakeholder Identification, Engagement and Register;
- Identification of vulnerable and hard to reach populations;
- Methods of Key Community Engagement Activities determined; and
- Communications Plan developed.

The community engagement activities in Upper Lachlan LGA included:-

- On line Community Survey (50 survey responses) and On line Youth Survey (40 survey responses);
- Project Fact Sheets;
- Project Media Releases;
- Council website, and local media channels promotion and information dissemination;
- Council and council staff charrette; and
- Cardno NSW/ACT Pty Ltd independently facilitated community outreach workshops held in November 2016 at Crookwell, Taralga and Gunning (54 community attendees in total).

Upper Lachlan Shire Council annually facilitates community outreach meetings in towns and villages in May. There were 4 meetings held in 2018 at Crookwell, Gunning, Taralga and Collector with total attendance numbers of 68 people. The community participation at the community outreach meetings directly contributes to the Upper Lachlan Shire Council Operational Plan and Resourcing Strategy documentation. Council also utilises FaceBook to try and reach the younger demographic and receive their feedback.

Upper Lachlan Shire Council utilises appointed consultants, Piazza Research, who conduct a community survey by using a telephone survey, supported by a secure online survey of community members. The survey was completed previously in February 2015. A total of 211 surveys were completed. This sample equates to 3% of the population in the Shire. The community survey results were reported at the April 2015 Council Meeting provided valuable input into Council's review of the strategies and actions linked to each function or service provided by Council.

The Operational Plan is widely advertised and placed on public exhibition in accordance with the Local Government Act 1993 requirements. All public submissions received are reported to Council for consideration.

8. OUR STRATEGIC PILLARS AND PRIORITIES

The Tablelands Regional Community Strategic Plan 2016-2036 (Regional CSP) is a joint initiative of three councils; Upper Lachlan Shire Council, Yass Valley Council and Goulburn Mulwaree Council.

The Regional CSP identifies long term desired community goals, corresponding strategic priorities addressing social justice principles and quadruple bottom line objectives. The Operational Plan identifies the actions and activities with accompanying performance indicators within each Strategic Pillar.

The following are Council's five adopted Strategic Pillars:-

1. COMMUNITY

Priority: We are a network of vibrant, inclusive and diverse communities that value our cooperative spirit, self sufficiency, and rural lifestyle.

2. ENVIRONMENT

Priority: We appreciate our range of rural landscapes and habitats, and act as custodians of the natural environment for future generations.

3. ECONOMY

Priority: We have a strong regional economy experiencing sustainable growth, which provides for a diverse range of employment opportunities.

4. INFRASTRUCTURE

Priority: Our community is well serviced and connected to built, social and communications infrastructure.

5. CIVIC LEADERSHIP

Priority: Our leaders operate ethically and implement good governance. We empower our residents with the tools to participate actively in the development of our communities.

11. ECOLOGICALLY SUSTAINABLE DEVELOPMENT STRATEGIES

Ecologically Sustainable Development is the effective integration of economic, social and environmental considerations in decision-making processes. The principles of Ecologically Sustainable Development are an integral consideration in the planning, design and development of the Upper Lachlan Shire.

Ecologically Sustainable Development principles are far reaching and influence every aspect of development when integrated holistically into the design and development processes. The concept of ecologically sustainable development requires new development to meet the needs of the present without compromising the ability of future generations to meet their own needs.

The objectives for all development within the Upper Lachlan Shire Council area are to:-

- (a) Achieve development that meets the needs of the present without compromising the ability of future generations to meet their needs,
- (b) Achieve development that improves quality of life, both now and into the future, in a way that maintains the ecological processes on which life depends,
- (c) Ensure high quality ecologically sustainable development outcomes for the rural and urban environment of Upper Lachlan Shire,
- (d) Achieve development which retains and enhances the natural environment, and
- (e) To ensure development of land is in accordance with the principles of Ecologically Sustainable Development, being:-
 - (i) The 'precautionary principle:-
In the application of the precautionary principle, public and private decisions should be guided by careful evaluation to avoid, wherever practicable, serious or irreversible damage to the environment, and an assessment of the risk-weighted consequences of various options.
 - (ii) Inter-generational equity:-
The present generation should ensure that the health, diversity and productivity of the environment are maintained or enhanced for the benefit of future generations.
 - (iii) Conservation of biodiversity and ecological integrity:-
Conservation of biological diversity and ecological integrity should be a fundamental consideration.
 - (iv) Improved valuation, pricing and incentive mechanisms:-
Environmental factors should be included in the valuation of assets and services, and those who generate pollution and waste should bear the cost of containment, avoidance or abatement, and the users of goods and services should pay prices based on the full life cycle of costs of providing goods and services, including the use of natural resources and assets and the ultimate disposal of any waste.

12. SECTION 94, SECTION 94A AND SECTION 64 DEVELOPMENT CONTRIBUTIONS PLANS

Section 94 Development Contributions Plan

Upper Lachlan Shire Council adopted the shire wide Section 94 Development Contributions Plan in 2007. The amount of the each contribution is outlined in Council's Schedule of Fees and Charges. A review of the existing Section 94 Development Contributions Plan will be completed by December 2018.

The Upper Lachlan Shire Council Section 94 Development Contributions Plan allows Council to set separate charges or contributions from developers where it is considered that additional demand will be placed on existing public facilities and amenities. For every new resident there will be an impact, and at some time in the future there will be a need to provide new infrastructure.

The Section 94 Development Contributions Plan aims to provide the Council with an appropriate mechanism to levy contributions on developers so that existing ratepayers and users of Council facilities and amenities are not unduly inconvenienced.

The Section 94 contributions contained within the Plan are set for the following items:-

- ◆ Roads
- ◆ Open Space and Recreation
- ◆ Community Facilities
- ◆ Waste Management
- ◆ Emergency Services
- ◆ Plan Administration

The Section 94 Development Contributions Plan amounts are increased each year in line with movements in the CPI (Consumer Price Index – Sydney Capital City Group December Quarter) and where applicable, land acquisition costs.

Section 94A Development Contributions Plan

Upper Lachlan Shire Council adopted a Section 94A Development Contributions Plan in 2012 for the Upper Lachlan Shire Council area for the following types of development, but not limited to; Power Station Developments, Wind Power Developments, Regional Developments and State Significant Developments.

The Section 94A Development Contributions Plan aims to assist the Council in providing the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the area.

The base index is the Consumer Price Index, Australia (All Groups Index for Capital Cities) as published by the Australian Bureau of Statistics.

Construction of the Taralga Wind Farm

Section 64 Development Contributions Plan

Upper Lachlan Shire Council has adopted a Section 64 Development Contributions Plan for the Upper Lachlan Shire Council area for water supply and sewerage.

The Section 64 Development Contributions Plan includes Taralga, Crookwell, Gunning and Dalton Water Supply networks and Taralga, Crookwell and Gunning Sewerage Supplies.

The Section 64 Development Contributions Plan amounts are increased each year in line with movements in the CPI (Consumer Price Index – Sydney Capital City Group December Quarter).

13. COMPETITIVE NEUTRALITY COMPLAINTS

Council has a policy for dealing with Competitive Neutrality Complaints. The policy follows the criteria listed below.

How to Lodge Complaints

The public or organisations contacting Council will be advised that all complaints must be lodged in writing, detailing the grounds for the complaint and the effect that Council's alleged actions in the matter has on the person or organisation making the complaint.

Time Limits within which a Complainant will receive a Response

All complaints will be acknowledged with seven days. A reply to a complaint shall be provided within twenty business days. Where a Council decision is required the complainant will be advised that the matter have been referred to Council for consideration and advised as to when Council's decision will be passed on.

Complaint Received

Item registered and directed to Council's Public Officer for action. All complaints will be held on a separate file established for the recording of such complaints.

Initial Review of Complaint

The Public Officer determines if the complaint is a competitive neutrality complaint as defined. If determined not to be a complaint, Public Officer to reply to author stating reasons why matter is not considered to be a complaint as defined and advising author of recourse actions via the Office of Local Government or State Agency.

If determined to be a complaint, the Public Officer is to seek explanations/comments from relevant Director or General Manager responsible for the business for which the complaint refers to. The Public Officer must also advise the General Manager that a complaint has been received.

Information to be provided on Nature of Complaint

The Responsible Council Officer (General Manager or Director) who manages the business operation under question is required to examine the nature and substance of any complaint received.

After completing their examination the Responsible Council Officer is to supply the Public Officer with the justification/explanation for Council's action in the matter in sufficient time to allow a response to the author of the complaint within the prescribed timeframe of twenty business days from receipt of the complaint.

Remedies

In dealing with the complaint, the Public Officer will determine in conjunction with the General Manager what remedies can be provided to resolve the complaint. These remedies may be: -

- (i) Provide more information to the complainant for a more accurate understanding of competition policy.
- (ii) Investigate / review Council's business activity if a legitimate complaint is made.
- (iii) Change Council's business practice where a complaint is justified. (This may require Council's consent before the change can be approved.)

Response to Complainant

The Public Officer will reply to the complainant giving justification/explanation for Council's actions in the matter and advising of recourse actions available. The Public Officer contact telephone is (02) 4845 4108.

Council Senior Management Team: (L to R) Mursaleen Shah, Director of Works and Operations; Andrew Croke, Director of Finance and Administration; John Bell, General Manager; and Tina Dodson, Director of Environment and Planning.

14. GOVERNMENT INFORMATION PUBLIC ACCESS

Types of Information held by Council

The Government Information (Public Access) Act 2009 (GIPA) came into effect at 1 July 2010. Upper Lachlan Shire Council holds information which relate to a number of varying issues. This information includes; policy documents, general information, registers, files, guidelines, plans, reports and other information.

There are a number of documents that are available for inspection free of charge and/or available on Council's Website www.upperlachlan.nsw.gov.au. Council holds documents in both hard copy and electronic form that relate to a number of different issues concerning the Upper Lachlan Shire area. Documents may be available to the public upon request unless there is an overriding public interest not to do so.

Four Ways to Access Government Information

The GIPA Act establishes four ways for the public to access government information from Upper Lachlan Shire Council. The means to access information include:-

1. Open Access Information

Council must publish open access information on its website, free of charge. Where it is not practical for Council to provide open access information on the website, the information will be made available free of charge in at least one other format. Please contact Council on (02) 4845 4108 to access information that is not currently available on Council's website.

2. Proactive Release of Information

Apart from open access information, Council will release as much other available information as possible either free of charge or at the lowest possible cost. There is a Mandatory Proactive Release and an Authorised Proactive Release of information.

3. Informal Release of Information

Members of the public may contact Council and ask for information. This is known as an informal request. Council may release information informally, subject to reasonable conditions.

4. Formal GIPA Act Access Application for Release of Information

If information cannot be accessed through any of the above ways, a formal GIPA Act Access Application may be necessary. This will be necessary if the public are asking for a large volume of information, if providing access would involve an extensive search, or if the information you seek involves personal or business information about third parties who must be consulted before the information can be released. GIPA Act Access Applications must be in writing, and accompanied by a \$30 fee. Processing charges of \$30 per hour may also be levied, depending on the type and amount of information sought.

15. STRATEGIC TASK LIST

16. WORKFORCE PLAN

Human resource management is controlled by the General Manager, who is responsible for the employment of all staff. Individual Department Directors are responsible for the day-to-day management of staff within their departments. Training Plans are developed by the Human Resources Coordinator in conjunction with the Departmental Directors.

Goals

The Workforce Plan has identified the following goals:-

- Achieving a prosperous Upper Lachlan Shire Council;
- Creating safer and stronger communities;
- Promoting a healthy and caring community;
- Promoting achievement through learning;
- Looking after Upper Lachlan Shire Council's environment, culture and heritage;
- Ensuring the Council is a well managed local authority.

Tablelands Regional Community Strategic Plan – Strategic Pillars

The Workforce Plan integrates with the Community Strategic Plan Strategic Pillar Goals:-

- **Community** – We are a network of vibrant, inclusive and diverse communities that value our cooperative spirit, self sufficiency, and rural lifestyle;
- **Environment** - We appreciate our range of rural landscapes and habitats, and act as custodians of the natural environment for future generations;
- **Economy** – We have a strong regional economy experiencing sustainable growth, which provides for a diverse range of employment opportunities;
- **Infrastructure** – Our community is well serviced and connected to built, social and communications infrastructure;
- **Civic leadership** – Our leaders operate ethically and implement good governance. We empower our residents with the tools to participate actively in the development of our communities.

Management Responsibilities

To provide a safe and healthy environment for all Council employees to undertake their daily duties by providing them with the following; effective training and development, annual performance review, mentoring programs, transparent recruitment and selection process, opportunity for succession planning, and maximise Council's human resource investment.

Human Resource Key Areas

- Employee Attraction and Retention;
- Employee Training, Learning and Development;
- Organisational Development;
- Performance Management;
- Work, Health and Safety (WH&S); and
- Employee Relations.

Council has a clear and concise focus to address the areas in its Workforce Plan by carry out following initiatives:-

- Maximise every avenue to attract, develop and retain talented employees to address the current and future skill gaps at the Upper Lachlan Shire Council;
- Address emerging workforce issues such as skills shortages and the ageing workforce;
- Capitalise on apprenticeships and graduate recruitment programs to help Council stay ahead in the scramble for talent;
- Link Council recruitment program with our workforce planning needs;
- Ensure that Council position critical roles are filled without delays.

The Upper Lachlan Shire Council Workforce Plan will act as the stratagem to carry on achieving the needs and expectations of the ever growing Shire within the resources available to Council. The plan will assist Council in delivering the services and program actions outlined in the Tablelands Regional Community Strategic Plan and Council's Delivery Program over a four year period.

17. INFRASTRUCTURE PLAN AND ASSET MANAGEMENT STRATEGY

The Upper Lachlan Shire Council provides an extensive range of infrastructure assets comprising roads, bridges, footpaths, kerb and gutter, stormwater, water supply, sewerage network, waste centres, operating and community buildings, recreation facilities, and plant and equipment.

The Council operates and maintains the infrastructure network to achieve the following objectives:-

- Ensure the infrastructure assets are maintained at a safe and functional standard as set out in the Infrastructure Plan;
- Achieve optimal use of resources by ensuring maximum life is obtained from an asset without compromising safety; and
- Ensure capital works and maintenance activities are undertaken in a manner to extend / prolong the life of the original asset and guarantee its suitability to current user requirements.

The key elements of the Infrastructure Plan are:-

- Taking a lifecycle approach to assets;
- Developing cost-effective management strategies for the long-term;
- Providing a defined level of service and monitoring performance;
- Understanding and meeting the impact of growth through demand management and infrastructure investment;
- Managing risks associated with asset failures;
- Sustainable use of physical resources; and
- Continuous improvement in asset management practices.

The purpose of Council's asset management strategy is to determine the optimum method to provide the desired service levels for current and future generations. Given the value and importance of infrastructure assets, it is essential that they are well managed to ensure their future sustainability. Failure to adequately manage infrastructure assets is a key risk that could prevent Council from achieving strategic goals.

Upper Lachlan Shire Council's adopted Tablelands Regional Community Strategic Plan expresses the desires and aspirations of the community and provides resources to assist Council in the determination of sustainable levels of service. The Long Term Financial Plan and Delivery Program are both informed from the Infrastructure Plan which addresses the financial, engineering and risk management aspects of asset management.

18. STATE OF THE ROAD NETWORK

There are three classifications of public roads within the Shire. The road classifications are; a State Road, Regional Roads and Local Roads. The total length of public roads maintained by Council is 2,095 kilometres.

The total Local Roads length maintained by Council is 1,733 kilometres. There remains 1,178 kilometres (68%) of Council's own Local Roads system that are still unsealed.

With the bitumen sealing of the remaining unsealed Local and Regional Roads beyond reach in the foreseeable future, Council will focus on gravel resheeting for a large length of unsealed roads to ensure road safety and minimise potential liability. The Council is endeavouring to achieve a gravel resheeting program to reach a 30 year replacement cycle.

It is apparent that the present level of Federal and State funding assistance to Local Government for roads is inadequate and requires amendment to either the taxation revenue distribution or the review of Financial Assistance Grants methodology and distribution to local government.

State Road

Council undertakes road work for the NSW Roads and Maritime Services (RMS) under a Road Maintenance Council Contract (RMCC) on the Goulburn to Bathurst Road (Main Road 54). The length of road maintained is 110 kilometres of which 93 kilometres are within the Upper Lachlan Shire and these works are carried out on a full cost recovery basis.

Regional Roads

The RMS Regional Roads Block Grant provides funding of \$1.68 million each year for expenditure on 251 kilometres of regional roads and bridges for maintenance, repair, bitumen resealing, asset renewals and improvement works for the following Regional Roads:-

- MR52 – Crookwell / Gunning to Queanbeyan Road
- MR241 – Gunning to Rye Park Road
- MR248 – Taralga to Boorowa Road
- MR256 – Goulburn to Oberon Road (Tablelands Way)
- MR258 – Wombeyan Caves Road

Local Roads

A Roads Hierarchy has been established for maintenance and capital works on local roads. Upper Lachlan Shire Council allocates \$2.8 million of its own revenue to fund operating and capital road maintenance and repair works in addition to the Financial Assistance Grant Roads Component expenditure totalling \$1.8 million.

Roads to Recovery Program

The Federal Government Roads to Recovery Program allocates funding of \$839,800 each year for Council to expend on roads in 2015-2019. \$439,800 is allocated to the Shire's gravel resheeting program and \$400,000 is allocated to the Grabine Road upgrade project. 2019 is the final year of the existing program, prior year works will be completed by 30 June 2019.

19. COUNCIL REVENUE POLICY

RATE PEGGING – MAXIMUM RATE INCREASE

Council has adopted a permissible rate increase of 2.30% in accordance with the determination of IPART and the statutory limit set by the Office of Local Government, Department of Premier and Cabinet. The increase is applicable to the total revenue raised in General Ordinary Rates in 2018/2019.

In accordance with Section 566 (3) of the Local Government Act 1993, the Minister for Local Government has determined that the maximum rate of interest payable on overdue rates and charges for the 2018/2019 rating year will be 7.50%.

ORDINARY (GENERAL) RATES

SEWERAGE BEST PRACTICE PRICING STRUCTURE

Residential Sewerage properties are levied an Annual Access Charge in accordance with Sections 501 and 552, of the Local Government Act 1993, and Best Practice Pricing Guidelines set down by the NSW Office of Water (N.O.W).

Non-Residential Sewerage properties are levied in accordance with Sections 502 and 552, of the Local Government Act 1993 and will have a charge not less than the Annual Residential Unconnected Sewerage Access Charge. The Non-Residential Sewerage charge is based on a two-part tariff with an annual access charge and a uniform sewer usage charge/kl. This charge is calculated as follows:-

$$B = SDF (AC + C \times UC)$$

Where:-

B = Annual non-residential sewerage bill (\$)

C = Customer's annual water consumption (kl)

AC = Customer's water service access fee (proportional to meter size)

SDF = Sewer Discharge factor (standard adopted, unless otherwise proven)

UC = Sewer usage charge (\$/kl)

DOMESTIC WASTE MANAGEMENT - HOUSEHOLD COLLECTION SERVICE

The Domestic Waste Management (DWM) Service is an Annual Charge for the provision of domestic waste management in accordance with Section 496, of the Local Government Act 1993. This service is unable to be subsidised by Council or profit from results. Subsequently Council manages the service as an independent fund.

Note: Domestic Waste Management Service and Availability Charges are applicable to all residential properties within serviced towns and villages and will also apply to rural properties where a Domestic Waste Management service is available and utilised.

The level of service will consist of:-

- 1 x 120 litre mobile bin for household waste to be collected once per week.
- 1 x 240 litre mobile bin for recyclables to be collected once per fortnight.
- 1 x 240 litre mobile bin for organic garden waste to be collected once per fortnight (during Spring, Summer and Autumn).
- Those ratepayers paying for a Domestic Waste service will continue to pay entry fees at the rubbish tip depots throughout the Shire.

COMMERCIAL WASTE CHARGE

The Commercial Waste Service is an Annual Charge raised in accordance with Section 501, of the Local Government Act 1993. **Note: The Commercial Waste Charges are applicable to all non-residential properties within serviced towns and villages and other defined service areas. They are charged based on a per service supplied basis (i.e. per collection), with a minimum of one charge per assessment. A combination of different numbers of waste or recycling bins may be utilised by individual commercial waste users by arrangement.**

A single service will consist of:-

- 1 x 240 litre mobile bin for general waste to be collected once per week.
- 1 x 240 litre mobile bin for recyclables to be collected once per fortnight.
- 1 x 240 litre mobile bin for organic garden waste to be collected once per fortnight (during Spring, Summer and Autumn).

RURAL WASTE CHARGE

The Rural Waste Charge is not classified as a Domestic Waste Service and is an Annual Charge raised in accordance with Section 501 (1), of the Local Government Act 1993.

Note: The Rural Waste Charge will apply to all properties that are not subject to a Domestic Waste Management Charge or a Commercial Waste Charge.

Conditions:-

- The Rural Waste Charge is levied on a per Rateable Assessment basis.
- Application may be made to Council, in accordance with Section 610E, of the Local Government Act 1993, to waive multiple Rural Waste Charges on land where the owner of the land pays the charge on another Assessment.
- Ratepayers who pay a Rural Waste Charge will receive a Rural Waste Card which permits free access to all tips for the disposal of domestic waste and sorted recyclables provided they present their card for inspection at the entry to the rubbish tip depots.
- Prior year Rural Waste Cards will be accepted at Council's tips until the end of July of the year following issue.

PRICING POLICY FOR GOODS AND SERVICES

The Council Fees and Charges Structure for 2018/2019 are in accordance with the attached Annexure document. Included is a Schedule of Charges for private works. It should be noted that some fees are fixed by Regulation and are shown in the document as the current fee, which will be varied according to changes made by Regulation.

Council will impose a fee or charge for all services provided. The amount of any fee or charge will seek to recover all costs, except in cases where Council considers a community service obligation is appropriate in providing a service.

The Schedule of Fees and Charges reflects this policy and Council's Policy is produced below:-

PRICING POLICY PRINCIPLES

Category 1 - Full Cost Recovery

Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.

Category 2 - Partial Cost Recovery

Subsidised operations which are of benefit to the community as a whole, and undertaken voluntarily by Council or as a requirement of the Act.

Category 3 - Market Pricing

Is where Council provides a similar service 'in competition' with other Councils or agencies where an alternative service provider is available. This category also includes prescribed or recommended fees. Council will set reasonable fees and will not use subsidies to aggressively price others out of the market.

Category 4 – Disincentive Pricing

Where Council sets a fee structure:-

- (i) For non-core activities to encourage customers to seek alternative service providers to provide the service. This applies to activities where Council would prefer not to provide the service in the long term.
- (ii) To promote compliance with Council or legislative regulations in order to encourage people to 'do the right thing' e.g., interest charges on overdue rates, dog release fees, stock impounding fees, library fines, etc.

Category 5 - Sewerage Service Pricing

Where Council sets a fee structure:-

- (i) Follows the NSW Office of Water (NOW), Best Practice Pricing Guidelines and is a combination of uniform annual charges, access and usage charges.
- (ii) Collects revenue to fund the sewerage system from ratepayers who actually benefit from availability or use of Council's sewerage system.
- (iii) Ensures Council derives sufficient income to operate the sewerage system and provide for future capital expenditure and debt servicing.

- (iv) Send appropriate pricing signals, can be administered relatively simply and inexpensively and can be understood by the public.
- (v) No cross-subsidisation between residential and non-residential categories.

Category 6 - Water Supply Service Pricing

- (i) Is based on a combination of service and usage charges.
- (ii) Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.
- (iii) Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.
- (iv) Assists in the deferment of capital works.
- (v) Can be administered simply and cheaply and be easily understood by the public.

Category 7 - Section 94 / Section 94A and Section 64 Development Contributions Pricing.

To ensure Section 94, Section 94A and Section 64 Development Contributions reflect the costs incurred in providing community facilities/services, open space, recreational facilities, water supply and sewerage services required to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.

Category 8 - Set by Statute, Regulation, or Government Department.

Certain fees and charges are set by Regulation, by Ministerial Approval or by State or Federal Government pricing policy.

PROVISION OF SERVICES

Council has examined the need for charges relating to the extension of services to land. The provision of services and financial costs with the servicing of land was adopted stating that:-

1. The provisions of the Local Government Act 1993 for liability of charges be applied, that is, any land or buildings within 225 metres of a water main or 75 metres to a sewer main (gravity drained).
2. No discounting of past charges will be given in connecting properties to Council services.
3. Council underwrite extension and service costs in servicing multiple allotment connections with subsequent recoupment from the individual connections as they occur.
4. Council allow for a replacement factor cost for any service extension where there is a maintenance component required with the mains extension.
5. Service extension costs being independent of the Section 64 Development Contributions Plan charges.

PRIVATE WORKS

Council will undertake private work in accordance with adopted rates for the hire of plant and equipment. Private work will be in accordance with the guidelines in Council's Private Works (Projects and Plant Hire) Policy. Private work will only be carried out subject to the availability of Council plant and equipment and without significant disruption to existing work programs.

The Works and Operations Department of Council administer and implement the Private Works (Projects and Plant Hire) Policy. The policy is designed to protect public funds and the integrity, security and reputation of the Council and its staff and maintain a high level of services to the community.

Noxious weed control activity deemed as private work will also be included, with arrangements to be approved by the General Manager. With respect to determining Quotations for Weed Control activities on private property, regard will be given to the general "community service" of providing a reasonable and affordable price, with Council's hire rates to be adjusted in order to increase the level of private work activity. This will provide further opportunities to maximise the use of plant and equipment and achieve more efficient use of Council's resources.

In all cases written quotations will be issued, with acceptance by Signed Agreement required for work in excess of \$500.00. In all cases, sundry debtor accounts will be issued for work carried out and are payable within one (1) month.

BORROWINGS

New Borrowings

There is one new borrowing forecast in the 2018/2019 financial year of \$974,000 towards 50% cost of the Crookwell Memorial Oval Precinct project upgrade and 100% cost of the Crookwell River Woodville Road timber bridge replacement.

Loan funding is generated from financial institutions, i.e. banks, and is utilised in accordance with Council's Borrowings / Loan Policy for capital projects, upon approval of the Office of Local Government. All borrowings are secured against the rate income of the Council.

Loan Refinancing

There is no loan refinancing in the 2018/2019 financial year for existing loan borrowings.
