1. WELCOME TO THE OPERATIONAL PLAN – MAYORAL MESSAGE

As Mayor I am pleased to announce the Upper Lachlan Shire Council Operational Plan is finalised after a 5 week public exhibition period.

The Operational Plan outlines the principal activities of Council in 2022/2023 to address the Community Strategic Plan (CSP) strategic priorities and allocates responsibility for each activity. The Operational Plan details the program actions and performance indicators against the CSP Strategic Pillars.

The Operational Plan forms part of Council's Integrated Planning and Reporting Framework and details Upper Lachlan Shire Council's principal activities and budget for the coming twelve month period. The Operational Plan is a sub-set of the Delivery Program which outlines a 4 year Delivery Program and aims to implement the strategies in Council's 20 year forward program established in the Upper Lachlan Community Strategic Plan Towards 2042.

Upper Lachlan Shire Council has projected a net consolidated operating budget deficit (before capital grants and contributions) of \$2.076 million in 2022/2023. A net consolidated budget cash flow deficit of \$2.654 million is projected which excludes \$4.197 million transfer from reserves necessary to assist funding the capital expenditure projects.

Upper Lachlan Shire Council has prepared a comprehensive capital expenditure works program for the Shire totalling \$29.977 million in 2022/2023. This is a very extensive annual capital works program. The capital works program outlines the plant fleet replacements, roads, bridges, waste centres, water supply and sewer project works along with a number of projects desired by our community.

Councillors have tried to address the requests from all sections of the community. Upper Lachlan Shire Council welcomes the participation from the community, the ratepayers and residents of the Shire into compiling the Operational Plan.

2. GENERAL MANAGER'S SYNOPSIS

The Operational Plan is presented in accordance with the provisions of the Local Government Act 1993 and Local Government (General) Regulation 2021.

Council received pre-plan public submissions to the Operational Plan in December 2021. These submissions were reviewed on 28 March 2022 in developing this Operational Plan.

Council is limited to a maximum 2.40% increase in total rates income this year, this equates to an estimated increase in total of \$192,530. As a result of this minimal increase Council has been restricted in its ability to meet core activity responsibilities and restricted Council's ability to fund public submission requests from the community.

The 2022/2023 Operational Plan provides a snapshot of the service delivery targets, specific tasks and major capital works. The Revenue Policy incorporates the following:-

- *General (Ordinary) Rates will increase by 2.40%, dollar value increases will vary within each individual rating category;*
- *Water Supply Access Charge and Water Availability Charge will increase by 5% or \$24 per service;*
- *Water usage (consumption) charge will increase by 5%, dollar value increases will vary for each individual service dependent upon water consumption;*
- *Stormwater Annual Charges will have a zero increase;*
- *Sewer Best Practice Pricing Access Charges will increase by 5% or \$44 per service;*
- *Domestic Waste Management Annual Charge will increase by 1.20% or \$7 per service;*
- *Commercial Waste Annual Charge will increase by 1.20% or \$8 per service;*
- *Rural Waste Annual Charge will increase by 8.50% or \$18.70 per Assessment; and*
- *Domestic Waste Management Availability Charge and Commercial Waste Availability Charge will increase by 8.50% or \$17.00 per Assessment.*

The Operational Plan is available for viewing at the three Council Offices and Council libraries. The Operational Plan is also available to download from the Council's website www.upperlachlan.nsw.gov.au and a link is provided on Council's FaceBook page.

4. ORGANISATION STRUCTURE

Section 332 of the Local Government Act 1993 requires Council to determine its organisational structure. The approved organisation structure comprises the General Manager's office and three Council Departments as outlined below.

The General Manager oversees the day-to-day operations of Council and provides professional advice to elected Council. Each of the three Departments has a Director who together with the General Manager, form the senior management team. It is this team that has primary responsibility for delivering the activities identified in the Operational Plan.

6. COMMUNITY STRATEGIC PLAN AND DELIVERY PROGRAM

As part of the Office of Local Government's Integrated Planning and Reporting Framework Council has developed the following framework:-

- A 20 year Community Strategic Plan which outlines our broad vision for the future;
- A 4 year Delivery Program, accompanied by a full budget, that details what we will do to implement the Community Strategic Plan;
- A Resourcing Strategy to support the Delivery Program including a Long Term Financial Plan, Workforce Plan and Infrastructure Plan;
- An Operational Plan, which will record the planned activities and expenditure for each year;
- An Annual Report, which provides our community with a detailed account of progress made in implementing the Delivery Program and Community Strategic Plan.

The Operational Plan outlines the principal activities (i.e. services) to be provided to the community, along with the key service delivery measures that are being recorded to achieve the actions identified in the Community Strategic Plan and the Delivery Program.

The Local Government Elections took place on 4 December 2021. To coincide with the newly elected council being declared, a revised Community Strategic Plan (CSP) has been developed after community engagement and the CSP adopted by Council will take effect 1 July 2022.

The Upper Lachlan Community Strategic Plan Towards 2042 will supersede the Tablelands Regional Community Strategic Plan 2016-2036, to take effect from 1 July 2022.

Upper Lachlan Shire Council has 5 Strategic Pillars (as outlined above) and Principal Activity functions (or known as business centres) that address each objective, the following information is provided for each Principal Activity:-

Goal:	Outlines the desired goal for that principal activity.
Management Responsibility:	Staff position responsible for the delivery of the activity.
CSP Strategy:	Links to the Community Strategic Plan priorities.
Key Activities:	The main activities or services delivered.
Key Performance Indicator:	Service delivery targets and quantifiable benchmarks.
Delivery Program Actions	Details the actions planned to meet our Community Strategic Plan and Delivery Program objectives.

Quarterly Operational Plan activity and budget reports are presented to Council to monitor our performance in delivering the services and activities identified for each principal activity. In addition, six monthly progress review reports are used to monitor the implementation of Council's Delivery Program.

7. COMMUNITY ENGAGEMENT

The Canberra Region Joint Organisation (CRJO) engaged consultants, Projectura, to undertake the development of a Regional Community Strategic Plan and individual councils Community Strategic Plans, a Community Engagement Strategy and facilitation of community engagements in the seven local government areas (LGAs).

The project schedule for delivery of the CSP is outlined as follows:-

- Inception March-April 2021: Desktop review of current Community Strategic Plans, relevant state strategies, research findings and data sets.
- May-August 2021: Prepare and implement the Community Engagement Strategy.
- August-September 2021: Analyse engagement findings and prepare and issue Community Engagement Report.
- September-December 2021: Prepare and issue a Draft Regional Community Strategic Plan (including individual council chapters), including indicators.
- February 2022: Present the Draft Community Strategic Plan to individual councils.

The community consultation utilised in the development of the CSP was extensive and included the following steps:-

- Key Stakeholder Identification, Engagement and Register;
- Methods of Key Community Engagement Activities determined; and
- Community Engagement Strategy developed.

The community engagement activities in Upper Lachlan LGA included:-

- On-line Community Survey;
- Telephone surveys by Projectura and Taverner Research;
- Discussion Guides and Project Media Releases;
- Council website and local media channels promotion and information dissemination;
- Total participation included 279 people or 3.40% of the population engaged.

Towards 2042!
Have your say

In addition, Upper Lachlan Shire Council has utilised Piazza Research services who conducted a community survey in March 2019 by using a telephone survey, supported by a secure online survey of community members. A total of 222 surveys were completed. This sample equates to 3% of the population in the Shire.

8. OUR STRATEGIC PILLARS AND PRIORITIES

The Upper Lachlan Community Strategic Plan (CSP) Towards 2042 identifies long term desired community goals, corresponding strategic priorities addressing social justice principles and quadruple bottom line objectives. The Operational Plan identifies the actions and activities with accompanying performance indicators within each Strategic Pillar/Theme.

11. ECOLOGICALLY SUSTAINABLE DEVELOPMENT STRATEGIES

Ecologically Sustainable Development is the effective integration of economic, social and environmental considerations in decision-making processes. The principles of Ecologically Sustainable Development are an integral consideration in the planning, design and development of the Upper Lachlan Shire.

Ecologically Sustainable Development principles are far reaching and influence every aspect of development when integrated holistically into the design and development processes. The concept of ecologically sustainable development requires new development to meet the needs of the present without compromising the ability of future generations to meet their own needs.

The objectives for all development within the Upper Lachlan Shire Council area are to:-

- (a) Achieve development that meets the needs of the present without compromising the ability of future generations to meet their needs,
- (b) Achieve development that improves quality of life, both now and into the future, in a way that maintains the ecological processes on which life depends,
- (c) Ensure high quality ecologically sustainable development outcomes for the rural and urban environment of Upper Lachlan Shire,
- (d) Achieve development which retains and enhances the natural environment, and
- (e) To ensure development of land is in accordance with the principles of Ecologically Sustainable Development, being:-
 - (i) The 'precautionary principle:-
In the application of the precautionary principle, public and private decisions should be guided by careful evaluation to avoid, wherever practicable, serious or irreversible damage to the environment, and an assessment of the risk-weighted consequences of various options.
 - (ii) Inter-generational equity:-
The present generation should ensure that the health, diversity and productivity of the environment are maintained or enhanced for the benefit of future generations.
 - (iii) Conservation of biodiversity and ecological integrity:-
Conservation of biological diversity and ecological integrity should be a fundamental consideration.
 - (iv) Improved valuation, pricing and incentive mechanisms:-
Environmental factors should be included in the valuation of assets and services, and those who generate pollution and waste should bear the cost of containment, avoidance or abatement, and the users of goods and services should pay prices based on the full life cycle of costs of providing goods and services, including the use of natural resources and assets and the ultimate disposal of any waste.

12. SECTION 7.11, SECTION 7.12 AND SECTION 64 DEVELOPMENT CONTRIBUTIONS PLANS

Section 7.11 Development Contributions Plan

Upper Lachlan Shire Council adopted the shire wide Section 94 Development Contributions Plan in 2007 (now known as a Section 7.11 Development Contribution Plan). The amount of the each contribution is outlined in Council's Schedule of Fees and Charges. A review of the existing Section 7.11 Development Contributions Plan is pending.

The Upper Lachlan Shire Council Section 7.11 Development Contributions Plan allows Council to set separate charges or contributions from developers where it is considered that additional demand will be placed on existing public facilities and amenities. For every new resident there will be an impact, and at some time in the future there will be a need to provide new infrastructure.

The Section 7.11 Development Contributions Plan aims to provide the Council with an appropriate mechanism to levy contributions on developers so that existing ratepayers and users of Council facilities and amenities are not unduly inconvenienced.

The contributions contained within the Section 7.11 Plan are set for the following items:-

- ◆ Roads
- ◆ Open Space and Recreation
- ◆ Community Facilities
- ◆ Waste Management
- ◆ Emergency Services
- ◆ Plan Administration

The Section 7.11 Development Contributions Plan amounts are increased each year in line with movements in the CPI (Consumer Price Index – Sydney Capital City Group December Quarter) and where applicable, land acquisition costs.

Section 7.12 Development Contributions Plan

Upper Lachlan Shire Council adopted a Section 94A Development Contributions Plan in 2012 (now known as Section 7.12 Development Contributions Plan) for the Upper Lachlan Shire Council area for the following types of development; Power Station Developments, Wind Power Developments, Regional Developments and State Significant Developments.

The Section 7.12 Development Contributions Plan aims to assist the Council in providing the appropriate public facilities which are required to maintain and enhance amenity and service delivery within the area.

The base index is the Consumer Price Index, Australia (All Groups Index for Capital Cities) as published by the Australian Bureau of Statistics.

Taralga Wind Farm

Section 64 Development Contributions Plan

Upper Lachlan Shire Council has adopted a Section 64 Development Contributions Plan for the Upper Lachlan Shire Council area for water supply and sewer. The Section 64 Development Contributions Plan includes Taralga, Crookwell, Gunning and Dalton Water Supply networks and Taralga, Crookwell and Gunning Sewer Networks.

The Section 64 Development Contributions Plan amounts are increased each year in line with movements in the CPI (Consumer Price Index – Sydney Capital City Group December Quarter).

13. COMPETITIVE NEUTRALITY COMPLAINTS

Council has a policy for dealing with Competitive Neutrality Complaints. The policy follows the criteria listed below.

How to Lodge Complaints

The public or organisations contacting Council will be advised that all complaints must be lodged in writing, detailing the grounds for the complaint and the effect that Council's alleged actions in the matter has on the person or organisation making the complaint.

Time Limits within which a Complainant will receive a Response

All complaints will be acknowledged within seven days. A reply to a complaint shall be provided within twenty business days. Where a Council decision is required the complainant will be advised that the matter have been referred to Council for consideration and advised as to when Council's decision will be passed on.

Complaint Received

Item registered and directed to Council's Public Officer for action. All complaints will be held on a separate file established for the recording of such complaints.

Initial Review of Complaint

The Public Officer determines if the complaint is a competitive neutrality complaint as defined. If determined not to be a complaint, Public Officer to reply to author stating reasons why matter is not considered to be a complaint as defined and advising author of recourse actions via the Office of Local Government or State Agency.

If determined to be a complaint, the Public Officer is to seek explanations/comments from relevant responsible officer for the business for which the complaint refers to. The Public Officer must also advise the General Manager that a complaint has been received.

Information to be provided on Nature of Complaint

The Responsible Council Officer is required to examine the nature and substance of any complaint received.

After completing their examination the Public Officer will provide the justification/explanation for Council's action in the matter in sufficient time to allow a response to the author of the complaint within the prescribed timeframe of twenty business days from receipt of the complaint.

Remedies

In dealing with the complaint, the Public Officer will determine in conjunction with the General Manager what remedies can be provided to resolve the complaint. These remedies may be: -

- (i) Provide more information to the complainant for a more accurate understanding of competition policy.
- (ii) Investigate / review Council's business activity if a legitimate complaint is made.
- (iii) Change Council's business practice where a complaint is justified. (This may require Council's consent before the change can be approved.)

Response to Complainant

The Public Officer will reply to the complainant giving explanation for Council's actions in the matter and advising of recourse actions available. The Public Officer contact telephone is (02) 4830 1000.

14. GOVERNMENT INFORMATION PUBLIC ACCESS

Types of Information held by Council

The Government Information (Public Access) Act 2009 (GIPA) came into effect at 1 July 2010. Upper Lachlan Shire Council holds information which relate to a number of varying issues. This information includes; policy documents, general information, registers, files, guidelines, plans, reports and other information.

There are a number of documents that are available for inspection free of charge and/or available on Council's Website www.upperlachlan.nsw.gov.au. Council holds documents in both hard copy and electronic form that relate to a number of different issues concerning the Upper Lachlan Shire area. Documents may be available to the public upon request unless there is an overriding public interest not to do so.

Four Ways to Access Government Information

The GIPA Act establishes four ways for the public to access government information from Upper Lachlan Shire Council. The means to access information include:-

1. Open Access Information

Council must publish open access information on its website, free of charge. Where it is not practical for Council to provide open access information on the website, the information will be made available free of charge in at least one other format. Please contact Council on (02) 4845 4108 to access information that is not currently available on Council's website.

2. Proactive Release of Information

Apart from open access information, Council will release as much other available information as possible either free of charge or at the lowest possible cost. There is a Mandatory Proactive Release and an Authorised Proactive Release of information.

3. Informal Release of Information

Members of the public may contact Council and ask for information. This is known as an informal request. Council may release information informally, subject to reasonable conditions.

4. Formal GIPA Act Access Application for Release of Information

If information cannot be accessed through any of the above ways, a formal GIPA Act Access Application may be necessary. This will be necessary if the public are asking for a large volume of information, if providing access would involve an extensive search, or if the information you seek involves personal or business information about third parties who must be consulted before the information can be released. GIPA Act Access Applications must be in writing, and accompanied by a \$30 fee. Processing charges of \$30 per hour may also be levied, depending on the type and amount of information sought.

16. WORKFORCE PLAN

Human resource management is controlled by the Manager Human Resources as delegated by Council General Manager, who is responsible for the employment of all staff. Training Plans are developed by the Manager Human Resources in conjunction with Departmental Directors.

Goals

The Workforce Plan has identified the following goals:-

- Enhance business processes through technological enhancements;
- Proactively navigate the management of the ageing workforce;
- Develop our place-based employment offering and building talent pipelines;
- Foster the relationship within the workforce and continue to build trust and engagement;
- Provide and promote a safe, healthy and caring workplace environment;
- Promoting personal and Council achievement through capability and skill building.

Upper Lachlan Community Strategic Plan Towards 2042 – Strategic Pillars

The Workforce Plan integrates with the Community Strategic Plan and consists of 5 pillars with strategic objectives:-

- **Our Community** – We are a network of close-knit and well supported communities that value our rural lifestyle;
- **Our Environment** - We appreciate our range of rural landscapes and habitats and are stewards of the natural environment for future generations;
- **Our Economy** – We capitalise on the region’s close proximity to Canberra and its position as a convenient location to attract industry and investment. We foster and develop diverse, adaptive and innovative agricultural industry;
- **Our Infrastructure** – Infrastructure compliments our rural and historic landscapes whilst supporting healthy communities and industries;
- **Our Civic leadership** – Our leaders work collaboratively to meet the needs of the community, in an ethical and strategic manner.

Management Responsibilities

To provide a safe and healthy environment for all Council employees to undertake their daily duties by providing them with the following; effective training and development, annual performance review, mentoring programs, transparent recruitment and selection process, opportunity for succession planning, and maximise Council’s human resource investment.

Human Resource Key Areas

- Attract and retain the right people;
- Build and leverage the capability of our workforce;
- Enhance organisation development;
- Enhancing performance through management;
- Provide a workplace that is focused on employee Work, Health and Safety (WHS);
- Improve employee relations through an ‘employee voice’ approach.

Council has a clear and concise focus to address the areas in its Workforce Plan by carry out following initiatives:-

- Maximise every avenue to attract, develop and retain talented employees to address the current and future skill gaps at the Upper Lachlan Shire Council;
- Address emerging workforce issues such as skills shortages and the ageing workforce;
- Capitalise on apprenticeships and graduate recruitment programs to help Council stay ahead in the scramble for talent;
- Link Council recruitment program with our workforce planning needs;
- Ensure that Council position critical roles are filled without delays.

The Upper Lachlan Shire Council Workforce Plan will act as the strategy to carry on meeting the needs and expectations, ever growing across the Shire. The plan will assist Council in delivering the services and program actions outlined in Council's Delivery Program over a four year period.

17. INFRASTRUCTURE PLAN

The Upper Lachlan Shire Council provides an extensive range of infrastructure assets comprising roads, bridges, footpaths, kerb and gutter, stormwater, water supply, sewer network, waste centres, operating and community buildings, recreation facilities, and plant and equipment.

The Council operates and maintains the infrastructure network to achieve the following objectives:-

- Ensure the infrastructure assets are maintained at a safe and functional standard as set out in the Infrastructure Plan;
- Achieve optimal use of resources by ensuring maximum life is obtained from an asset without compromising safety; and
- Ensure capital works and maintenance activities are undertaken in a manner to extend / prolong the life of the original asset and guarantee its suitability to current user requirements.

The key elements of the Infrastructure Plan are:-

- Taking a lifecycle approach to assets;
- Developing cost-effective management strategies for the long-term;
- Providing a defined level of service and monitoring performance;
- Understanding and meeting the impact of growth through demand management and infrastructure investment;
- Managing risks associated with asset failures;
- Sustainable use of physical resources; and
- Continuous improvement in asset management practices.

The purpose of Council's asset management strategy is to determine the optimum method to provide the desired service levels for current and future generations. Given the value and importance of infrastructure assets, it is essential that they are well managed to ensure their future sustainability. Failure to adequately manage infrastructure assets is a key risk that could prevent Council from achieving strategic goals.

Upper Lachlan Shire Council's Community Strategic Plan expresses the desires and aspirations of the community and provides resources to assist Council in the determination of sustainable levels of service. The Long Term Financial Plan and Delivery Program are both informed from the Infrastructure Plan which addresses the financial, engineering and risk management aspects of asset management.

18. STATE OF THE ROAD NETWORK

There are three classifications of public roads within the Shire. The road classifications are; a State Road, Regional Roads and Local Roads. The total length of public roads maintained by Council is 2,095 kilometres.

The total Local Roads length maintained by Council is 1,734 kilometres. There remains 1,179 kilometres (68%) of Council's own Local Roads system that are still unsealed.

With the bitumen sealing of the remaining unsealed Local Roads beyond reach in the foreseeable future, Council will focus on gravel resheeting for substandard lengths of unsealed roads to ensure road safety and minimise potential liability. The Council is endeavouring to achieve a gravel resheeting program to reach a 25-30 year replacement cycle.

The large number of natural disaster events in the past two years combined with higher than average rainfall has severely adversely impacted on the condition of the council road network. There has been a significant increase in customer service requests and backlog of delays in undertaking road maintenance repairs due to the road damage sustained over the past two year period.

State Road

Council undertakes road work for the Transport for NSW under a Road Maintenance Council Contract (RMCC) on the Goulburn to Bathurst Road (Main Road 54). The length of road maintained is 110 kilometres of which 93 kilometres are within the Upper Lachlan Shire and these works are carried out on a full cost recovery basis.

Regional Roads

The Regional Roads Block Grant provides funding of \$1.725 million each year for expenditure on 251 kilometres of regional roads and bridges for maintenance, repair, bitumen resealing, asset renewals and improvement works for the following Regional Roads:-

- MR52 – Crookwell / Gunning to Queanbeyan Road
- MR241 – Gunning to Rye Park Road
- MR248 – Taralga to Boorowa Road
- MR256 – Goulburn to Oberon Road (Tablelands Way)
- MR258 – Wombeyan Caves Road

Local Roads

A Roads Hierarchy has been established for maintenance and capital works on local roads. Upper Lachlan Shire Council allocates over \$2 million of its own revenue to fund Local Roads operating and capital road maintenance and repair works.

Roads to Recovery Program

The Federal Government Roads to Recovery Program allocates funding of \$1.2 million each year for Council to expend on roads in 2020-2025.

19. COUNCIL REVENUE POLICY

RATE PEGGING – MAXIMUM RATE INCREASE

Council has adopted a permissible rate increase of 2.40% in accordance with the determination of IPART and the statutory limit set by the Office of Local Government. The increase is applicable to the total revenue raised in General Ordinary Rates in 2022/2023.

In accordance with Section 566 (3) of the Local Government Act 1993, the Minister for Local Government has determined a maximum rate of interest payable on overdue rates and charges for the 2022/2023 rating year and interest payable will be 6%.

ORDINARY (GENERAL) RATES

Ordinary Rates are levied for the purpose of financing Council's Ordinary General Fund activities in accordance with Sections 493, 514-518, of the Local Government Act 1993.

SEWER BEST PRACTICE PRICING STRUCTURE

Residential Sewer properties are levied an Annual Access Charge in accordance with Sections 501 and 552, of the Local Government Act 1993, and Best Practice Pricing Guidelines set down by the former NSW Office of Water.

Non-Residential Sewer properties are levied in accordance with Sections 502 and 552, of the Local Government Act 1993 and will have a charge not less than the Annual Residential Unconnected Sewer Access Charge. The Non-Residential Sewer charge is based on a two-part tariff with an annual access charge and a uniform sewer usage charge/kl. This charge is calculated as follows:-

$$B = SDF (AC + C \times UC)$$

Where:-

B = Annual non-residential sewer bill (\$)

C = Customer's annual water consumption (kl)

AC = Customer's water service access fee (proportional to meter size)

SDF = Sewer Discharge factor (standard adopted, unless otherwise proven)

UC = Sewer usage charge (\$/kl)

DOMESTIC WASTE MANAGEMENT - HOUSEHOLD COLLECTION SERVICE

The Domestic Waste Management (DWM) Service is an Annual Charge for the provision of domestic waste management in accordance with Section 496, of the Local Government Act 1993. This service is unable to be subsidised by Council or profit from results. Subsequently Council manages the service as an independent fund.

Note: Domestic Waste Management Service and Availability Charges are applicable to all residential properties within serviced towns and villages and will also apply to rural properties where a Domestic Waste Management service is available and utilised.

The level of service will consist of a kerbside collection service:-

- 1 x 120 litre mobile bin for household waste to be collected once per week.
- 1 x 240 litre mobile bin for recyclables to be collected once per fortnight.
- 1 x 240 litre mobile bin for organic garden waste to be collected once per fortnight.
- Those ratepayers paying for a Domestic Waste service will continue to pay entry fees at the Waste Transfer Stations throughout the Shire.

COMMERCIAL WASTE CHARGE

The Commercial Waste Service is an Annual Charge raised in accordance with Section 501, of the Local Government Act 1993. **Note: The Commercial Waste Charges are applicable to all non-residential properties within serviced towns and villages and other defined service areas. They are charged based on a per service supplied basis (i.e. per collection), with a minimum of one charge per assessment. A combination of different numbers of waste or recycling bins may be utilised by individual commercial waste users by arrangement.**

A single service will consist of:-

- 1 x 240 litre mobile bin for general waste to be collected once per week.
- 1 x 240 litre mobile bin for recyclables to be collected once per fortnight.
- 1 x 240 litre mobile bin for organic garden waste to be collected once per fortnight.

RURAL WASTE CHARGE

The Rural Waste Charge is not classified as a Domestic Waste Service and is an Annual Charge raised in accordance with Section 501 (1), of the Local Government Act 1993.

Note: The Rural Waste Charge will apply to all properties that are not subject to a Domestic Waste Management Charge or a Commercial Waste Charge.

Conditions:-

- The Rural Waste Charge is levied on a per Rateable Assessment basis.
- Application may be made to Council, in accordance with Section 610E, of the Local Government Act 1993, to waive multiple Rural Waste Charges on land where the owner of the land pays the charge on another Assessment.
- Ratepayers who pay a Rural Waste Charge will receive a Rural Waste Card which permits free access to all tips for the disposal of domestic waste and sorted recyclables provided they present their card for inspection at the entry to the rubbish tip depots.
- Prior year Rural Waste Cards will be accepted at Council's tips until the end of July of the year following issue.

PRICING POLICY FOR GOODS AND SERVICES

The Council Fees and Charges Structure is in accordance with the attached Annexure document. Included is a Schedule of Charges for private works. It should be noted that some fees are fixed by Regulation and are shown in the document as the current fee, which will be varied according to changes made by Regulation.

Council will impose a fee or charge for all services provided. The amount of any fee or charge will seek to recover all costs, except in cases where Council considers a community service obligation is appropriate in providing a service.

The Schedule of Fees and Charges reflects this policy and Council's Policy is produced below:-

PRICING POLICY PRINCIPLES

Category 1 - Full Cost Recovery

Recovery of all direct and indirect costs associated with providing a service, including in some cases, making provision for future capital expenditure.

Category 2 - Partial Cost Recovery

Subsidised operations which are of benefit to the community as a whole, and undertaken voluntarily by Council or as a requirement of the Act.

Category 3 - Market Pricing

Is where Council provides a similar service 'in competition' with other Councils or agencies where an alternative service provider is available. This category also includes prescribed or recommended fees. Council will set reasonable fees and will not use subsidies to aggressively price others out of the market.

Category 4 – Disincentive Pricing

Where Council sets a fee structure:-

- (i) For non-core activities to encourage customers to seek alternative service providers to provide the service. This applies to activities where Council would prefer not to provide the service in the long term.
- (ii) To promote compliance with Council or legislative regulations in order to encourage people to 'do the right thing' e.g., interest charges on overdue rates, dog release fees, stock impounding fees, library fines, etc.

Category 5 - Sewer Service Pricing

Where Council sets a fee structure:-

1. Follows the NSW Office of Water (NOW), Best Practice Pricing Guidelines and is a combination of uniform annual charges, access and usage charges.
2. Collects revenue to fund the sewer system from ratepayers who actually benefit from availability or use of Council's sewer system.
3. Ensures Council derives sufficient income to operate the sewer system and provide for future capital expenditure and debt servicing.
4. Send appropriate pricing signals, can be administered relatively simply and inexpensively and can be understood by the public.
5. No cross-subsidisation between residential and non-residential categories.

Category 6 - Water Supply Service Pricing

- (i) Is based on a combination of service and usage charges.
- (ii) Collects revenue to fund the water supply system from the people who actually benefit from availability or use of Council's water supply.
- (iii) Ensures Council derives sufficient income to operate the water supply system, irrespective of seasonal fluctuations and provides for capital and debt servicing.
- (iv) Assists in the deferment of capital works.
- (v) Can be administered simply and cheaply and be easily understood by the public.

Category 7 - Section 7.11 / Section 7.12 and Section 64 Development Contributions Pricing.

To ensure Development Contributions reflect the costs incurred in providing community facilities/services, open space, recreational facilities, water supply and sewer services required to meet the additional needs of the community created by new development and in doing so, ensure the local amenity does not diminish.

Category 8 - Set by Statute, Regulation, or Government Department.

Certain fees and charges are set by Regulation, by Ministerial Approval or by State or Federal Government pricing policy.

PROVISION OF SERVICES

Council has examined the need for charges relating to the extension of services to land. The provision of services and financial costs with the servicing of land was adopted stating that:-

1. The provisions of the Local Government Act 1993 for liability of charges be applied, that is, any land or buildings within 225 metres of a water main or 75 metres to a sewer main (gravity drained).
2. No discounting of past charges will be given in connecting properties to Council services.
3. Council underwrite extension and service costs in servicing multiple allotment connections with subsequent recoument from the individual connections as they occur.
4. Council allow for a replacement factor cost for any service extension where there is a maintenance component required with the mains extension.
5. Service extension costs being independent of the Section 64 Development Contributions Plan charges.

PRIVATE WORKS

Council will undertake private work in accordance with adopted rates for the hire of plant and equipment. Private work will be in accordance with the guidelines in Council's Private Works (Projects and Plant Hire) Policy. Private work will only be carried out subject to the availability of Council plant and equipment and without significant disruption to existing work programs.

The Council's Infrastructure Department administer and implement the Private Works (Projects and Plant Hire) Policy. The policy is designed to protect public funds and the integrity, security and reputation of the Council and its staff and maintain a high level of services to the community.

Noxious weed control activity deemed as private work will also be included, with arrangements to be approved by the Director of Environment and Planning. With respect to determining Quotations for Weed Control activities on private property, regard will be given to the general "community service" of providing a reasonable and affordable price, with Council's hire rates to be adjusted in order to increase the level of private work activity. This will provide further opportunities to maximise the use of plant and equipment and achieve more efficient use of Council's resources.

In all cases written quotations will be issued, with acceptance by Signed Agreement required for work in excess of \$500.00. In all cases, sundry debtor accounts will be issued for work carried out and are payable within one (1) month.

BORROWINGS

New Borrowings

There is no new borrowings forecast this financial year. However, while loan funding is not forecast there may be a requirement for loan financing of Crookwell waste landfill site restoration and remediation over the next two year period.

Loan funding is generated from financial institutions, i.e. banks, and is utilised in accordance with Council's Borrowings / Loan Policy for capital projects, upon approval of the Office of Local Government. All borrowings are secured against the rate income of the Council.

Loan Refinancing

There is no loan refinancing in the 2022/2023 financial year for existing loan borrowings.
